SEAM OF COAL IS LOCATED AT PEACE RIVER CROSSING

H. A. George Says Considerable Excitement Has Been Caused by Discovery

HUNDREDS OF SETTLERS NOW EN ROUTE NORTH

New Enterprises Being Established at the Crossing to Meet Developing Business

(From Laramie Edition.)
With a confidence to be found only among the enthusiasts of the north, settlers are literally pouring into the district tributary to Peace River Crossing, and every arrival from the north has a new and interesting tale of the new seam of coal, and the conditions of men who are being attracted to establish new homes. These new homes are being established in the immediate vicinity of the crossing, and the new seam of coal has been discovered in the immediate vicinity of the crossing. The new seam of coal is being discovered in the immediate vicinity of the crossing. The new seam of coal is being discovered in the immediate vicinity of the crossing.

Conservative Member for West Huron Has Been Occasional Great Annoyance by Announcement That He Would Introduce Equal Suffrage Bill

Ontario, Jan. 23.—E. N. Lewis, Conservative member for West Huron, has been giving considerable annoyance to the members of his own party by the announcement made in certain newspapers a few days ago that it was his intention to introduce a bill to provide suffrage for women in Canada. The announcement was apparently received with joy by a large number of the fair sex, because the member for West Huron has ever since been treated with cordial and respectful attention. He has experienced no little difficulty in explaining that the first he knew of the matter was the announcement in the press.

During the days of the latter government, Mr. Lewis distanced all competitors in the matter of the introduction of bills, the majority of which concerned education. When the Conservative came into power, the member for West Huron was called upon to introduce a bill to provide suffrage for women in Canada. The announcement was apparently received with joy by a large number of the fair sex, because the member for West Huron has ever since been treated with cordial and respectful attention. He has experienced no little difficulty in explaining that the first he knew of the matter was the announcement in the press.

MYSTERY SURROUNDS CAUSE OF FIRE IN THE PADDED CELL

Inquest Into Death of McKenna Baines, Lunatic Burned to Death in R.N.W.M.P. Barracks, Fails to Indicate Cause of Fire—Madman's Cry of "Fire!" Was First Ignored

(From Evening Edition) Unable to secure any evidence as to how the fire in the padded cell at the mounted police barracks started and which caused the death of the lunatic, McKenna Baines, on Wednesday evening, the inquest on his body was adjourned at 1 o'clock until 4 o'clock yesterday to allow electrical experts to examine the wiring of the cell with a view to ascertaining if it could possibly have originated from that source.

Although the evidence taken this morning indicates that he was thoroughly searched before he was placed in the cell, once at the city station and once by Constable Ritchie at the barracks, a third examination this morning of the clothing which remained on the body disclosed another match buried deeply in the seam of a trouser pocket. The match was found only after the pockets had been turned inside out and minutely examined.

Evidence given by Sergeant Davis, who is in charge of the guard room, showed that there are two cells, one for men and one for women. A test was made yesterday on the other cell, a lighter match being held close up to the painted canvas. Although held there for a long time the canvas did not ignite. A second match was lighted immediately and held to the same place. It was only when the second match was nearly burned that the canvas ignited.

Constable Ritchie, the man who was in charge at the time, was the first witness to give evidence. He stated that officers from the city police brought the man to the guard room with a warrant of commitment from Magistrate Maclean. They had first placed him in an ordinary cell but he jumped his head on hard against the iron bars that they put him in the padded cell. After locking him in Ritchie heard him shouting the words "Fire!"

DEMANDS REPEAL OF THE THRESHING ACT

Resolution Submitted to Farmers' Convention Says Monopolistic Interests Benefit by Act

Leithbridge, Jan. 23.—Recent provincial legislation making it compulsory on the part of threshers to forward to the department of agriculture the result of their threshing during the season was the subject of a resolution submitted by the farmers' local at the convention of the United Farmers of Alberta.

This resolution considered it detrimental to the interests of the farmers that such an act should be on the statute for the reason that the returns given to the inspector and monitoring interests the very information that the farmers should keep to themselves, and rendered, the resolution claimed, in the farmers receiving much lower prices than was their just. The resolution called for the repeal of the act. After discussion the matter was referred to the resolution committee.

LONE BANDIT MADE PORTER ON PULLMAN AID HIM IN HOLD-UP

Serie-Comic Affair Aboard Michigan Central Train Out of Jackson, Mich.

ROBBER GOT AWAY WITH SOMETHING UNDER \$300

Rudely Awakened Passengers Disgorged Without a Murremur After Seeing Gun

Chicago, Jan. 23.—With the assistance of two reluctant but badly scared porters, a bandit party today held up four passengers on the rear sleeper of the Michigan Central passenger train en route from Detroit at 7:30 last morning. It was a serie-comic affair which netted the bandits something under \$300.

The robber entered the train at Jackson, Mich., and left it about 12 minutes later when, at Detroit, one of the porters, startled for the emergency brakes, was the first to see the robber, who pointed a pistol at his head and bawled him a bag.

"Here," said the porter, who was dressed in a black and white check suit and wore a cap pulled down over his eyes, "you go ahead and get the passengers. Tell 'em there's a robber with this money. No money's business, I've got three bags with me." Merritt took the bag—or bag—he is not sure which and thinks it was a bag—and took the first opportunity of a berth he came in.

"Excuse me," said the porter, "but there's a man here who says you are to give him your money." "Aw shut up, quit your kidding and let me sleep," came the angry reply from the berth.

"Tell him I'm a real robber with a gun," incited the robber, who poked the weapon between the curtains where there was a thick of some force into the compartment from the porter's hands.

From M. Todd, of Chicago, the robber got \$125, from Herman Marks, of Detroit, \$10, and from F. L. Palmer, of New York, \$20 unknown sum. "I don't know how much," said Palmer, "but it was what spare change I had."

There were about twenty passengers in the car and most of them did not know that anything had happened until they arose this morning. The robbery took place at 1:45 a'clock. There were no women in the car. The fourth passenger robbed was J. J. Rhodes.

Later it was learned that the fourth passenger robbed was J. J. Rhodes. There were no women in the car. The fourth passenger robbed was J. J. Rhodes.
